

We are excited to announce Crestwood Preparatory College's partnership with Homestay Plus, our recommended provider for international student accommodations. Homestay Plus offers a safe and welcoming environment, allowing students to live with carefully selected Canadian host families. Their comprehensive services include homestay placements, guardianship, school referrals, and airport transfers, ensuring a smooth transition for students arriving in Canada.

Through this partnership, our international students can immerse themselves in Canadian culture, improve their language skills, and build lasting relationships, all while feeling at home. We believe that this collaboration will enhance the overall experience of our students and support their academic success.

For more information or to begin the application process, please visit [Homestay Plus](https://www.homestayplus.com).
